

Chief Planners of Tomorrow

Thank you for considering hosting a young planner in our Chief Planners of Tomorrow initiative.

Below you will find two example programmes to help you shape your day. However, we have also had Chief Planners who have offered participants very different schedules, such as a series of two-hour sessions over a period of time – which have also worked really well. It depends on you and the participant, and you can discuss this in your pre-meeting Teams call which we encourage you to set up to go through the format, interests and expectations.
